2022 Virtual Mississippi Trauma Informed Care Conference "Finding Hope in a Never Ending Storm" September 21 – 23, 2022

Call for Presentations

For the past 8 years, several state and local agencies have joined together to host the annual Trauma Informed Care Conference. Each year, the premiere conference has brought together over 400 - 500 diverse participants representing a wide array of service providers. This year's theme, "Finding Hope in a Never Ending Storm" continues to use the "Storm" as the analogy for "Trauma" as with previous year's theme as well as focusing on the current mental health crisis heightened by the pandemic.

These unprecedented times have been a struggle for everyone! The impact of the COVID-19 pandemic effect on mental health has been substantial. There has been a 400% increase of reported symptoms of anxiety or depression disorder among adults and up to a 30% increase of ER visits by children for mental health issues.

Hope is defined as an optimistic state of mind that is based on an expectation of positive outcomes with respect to events and circumstances in one's life or the world at large. Through innovative and thought-provoking sessions, it is our expectation the conference will stimulate the process of reclaiming hope to attendees. This includes inspiring hope that survivors can and do recover, practicing self-care when you feel your hope is slipping due to burnout, and applying principles of Trauma Informed Care to respond effectively and prevent further trauma.

The 2022 Mississippi Trauma Informed Care Conference planning committee is seeking 60 - 90 minutes keynote presentations and 60 - 90 minutes breakout sessions. The sessions should be designed for Mental Health and Addiction Professionals, Social Workers, Marriage and Family Therapists, Juvenile Justice Personnel - judges, counselors, administrators, probation officers, Educators - teachers, administrators, counselors, Domestic Violence and other advocates, Parents/Guardians/Foster Parents/Resource Parents. Community and Faith Based, Peer Support Specialists and Survivors and family members.

The committee is particularly seeking sessions that can be replicated, outcome based and address critical issues of importance in creating a trauma informed system of care.

Invited Session Topics related to Trauma Informed Care Include but not limited to:

Generational Trauma	Mindfulness	Trauma Informed Approaches to Suicide Prevention	Personal Stories of Recovery
Human Trafficking	Trauma and IDD Populations	Cultural Responsiveness/Diversity	Early Childhood

Ciliu Wellale	Jen-Care	Etilies	Schools	
			Mental Health	
Vicarious Trauma	Homelessness	Trauma and Social Media	Diagnosis Related	
			to Trauma	

TIPS FOR WRITING LEARNING OBJECTIVES*

- 1. Use learning objectives to describe anticipated learning outcomes
- 2. Make sure the learning objective isn't a description of what the presenter intends to do or how the participant will learn.
- 3. Focus on the desired learning outcome, not the process.
- 4. Use action verbs and behaviorally specific language to help ensure that the learning objective is observable and/or measurable.

USEFUL ACTION VERBS

Analyze, apply, appraise, assess, classify, compare, contrast, create, critique, demonstrate describe, design, develop, diagnose, differentiate, discuss, distinguish, evaluate, explain formulate, hypothesize, identify, illustrate, interpret, list, manage, measure, organize, outline, predict, prepare, recognize, summarize, utilize, write

VERBS TO AVOID

Appreciate, approach, become aware of, become familiar with, expand, grasp the significance of grow, improve, increase, know, learn, think critically, understand

* ACEP Learning Objectives

Each presenter (up to three per session) is provided with free conference registration. **Conference related expenses will be decided on an individual basis by the committee and budget allowances**. Co-presenters will need to complete pages 1 and 2 only.

Important Dates			
2/18/2022	Conference Presentation Deadline
